

## Swallows Invade P. S. House

Thousands of swallows invaded the home of Dr. Lulu M. Steele in Merita Vista Tract Monday evening, but they were not discovered until Tuesday when Vern West of the Archie Palmer office went to the house with a client. The birds had entered through the chimney, and Mr. West estimated there were at least 5,000 of them. This was the first time swallows had ever attempted to locate in Palm Springs.

Mr. West could hardly believe his eyes when he looked into the window and saw huge black clusters hanging to the drapes, walls, beds, and every place they could get a foothold. They were hanging in clusters two or three deep like swarms of bees.

When he opened the door they flew out in a great black cloud, and he drove out hundreds more. The entire interior of the house will have

(Continued on Second Page)

## \$4700 Gas Tax Money for P. S. Streets

Palm Springs may expect approximately \$4700 the first year as an incorporated city, from the county and state, as its share of gasoline tax funds, to be used exclusively for street maintenance and improvements.

One-fourth of a cent per gallon gasoline tax from automobiles registered in Palm Springs, will net about \$2300 the first year, for the law provides that one-fourth of a cent of the three-cent state gasoline tax must be refunded to the cities on the basis of automobiles registered from the various cities.

The county also gets one-fourth of a cent gas tax, which is distributed by the county supervisors on the basis of \$3.00 per registered voter. Thus Palm Springs, having approximately 800 registered voters, will receive about \$2400 from that source.

The state is willing to continue to maintain Palm Canyon Drive through the city, but it will use the city's \$2300 for that purpose.

These facts were brought out at a meeting of the Chamber of Commerce highway committee with officials of the State Highway Commission and the county road department, at the Desert Inn Tuesday afternoon.

The local committee thought it would be best for the state to take care of the highway through town, for \$2300 would not buy the equip-

(Continued on Second Page)

## Groups Unite in Business Men's Association; Expect 160 Members; Hire Manager

The Palm Springs Business Men's Association was organized this week, and indications are that nearly all of the 160 or more business establishments in town will be represented in the membership.

The organization consists of four groups; merchants, hotel and apartment house operators, professional men and realtors, and contractors, and builders. Each group has chosen five directors, and most of this board of 20 met yesterday at Hotel The Oasis with Earl Coffman temporary chairman, and elected the following officers:

H. E. "PAT" PATTERSON, Pres.  
JACK WENTWORTH, 1st V. P.  
HERBERT H. FOSTER, 2nd V. P.  
DR. RUSSELL M. GRAY, Sec'y.  
ROBERT RANSOM, Ass't. Sec'y.  
GEORGE T. OLIVER, Treas.  
FLORIAN BOYD, Ass't. Treas.

The group elected M. C. Dudley of San Bernardino as executive secretary and credit manager, and he will have his office in the Plaza. Robert Ransom donated free office space, a meeting place, and an apartment for the secretary-manager in the Plaza, until October 1st.

Mr. Dudley will come here immediately to take charge. He was formerly credit manager of the San Bernardino Retail Merchants Association and credit manager of the Hammond Lumber Co. in San Bernardino. The executive board will meet here each Wednesday throughout the summer.

Dues in the Association are \$15 for the summer, which pays up to October 1st, and after that the dues will be \$2.00 per month.

Thirty business people met Wednesday at Hotel The Oasis and elected

## Freak Snow Storm Near Palm Springs

A freak snow and sleet storm swept over the desert at Cabazon, 16 miles west of Palm Springs, at 9 o'clock Monday evening, and there was a heavy snowfall in the mountains. It was so cool in Palm Springs that many residents built fires in their fireplaces.

## Nails Removed From Shoulder of City Attorney

Three large five-penny nails were removed from the shoulder of City Attorney Roy Colegate on Tuesday, but he was back at his desk in the Theatre Building on Wednesday morning. The nails were driven through the bones of his left shoulder by surgeons last August to hold the bones together after Mr. Colegate had suffered a serious shoulder break and other injuries in an automobile wreck. He was confined to the Upland and

## The New Business Men's Association

(AN EDITORIAL)

The business or professional man of Palm Springs who doesn't join the Palm Springs Business Men's Association is cheating himself and his good-pay customers.

There is a great need here for such an organization which comprises four groups: Merchants, hotel and apartment house owners, professional men and realtors, contractors and builders.

The organization not only offers protection for the member, but also for his customers. A strong association of this kind will keep out dead-beats, illegitimate solicitors, chiselers, crooks, and others who prey on the business men and general public and who thus increase the cost of doing business, which is reflected in the service and prices to consumers.

Thirty business men answered the invitation to meet last Wednesday, and after they heard the objectives of the association, all of them joined. The hotel and apartment house operators and contractors formed their organizations previously.

If you haven't joined, it is our advice to any business man or woman of Palm Springs to communicate at once with President Pat Patterson, Secretary Russell M. Gray or Treasurer George Oliver.

## 46-inch King Snake Swallows 24-inch Rattlesnake

Last Friday, Don Admiral, famous naturalist, gave a fine exhibition at his home, of the usefulness of the king snake.

Before an audience of 22 people, "Pete," a 46-inch king snake, his favorite pet of the season, was thrown a sidewinder 24 inches long, and larger in diameter than Pete himself. It took His Highness Pete about two hours to swallow the sidewinder, but he accomplished the feat.

Mr. Admiral declared that he has returned Pete to his summer snake pasturage at Two Bunch Palms where he was originally found.

## Three Candidates For High School; Election June 3

Three candidates have filed, or are about to file, for the office of high school trustee. They are Mrs. A. J. Kobs, Dr. Leonard Wood and Raymond Trudeau, all from Banning. The election will be held Friday, June 3.

It is reliably reported that Palm Springs will have no candidates and that they will support Banning candidates for the two positions to be filled.

The board members whose terms expire are Mrs. Robina Hemmerling of Banning and Mrs. Hazel Koger of Cabazon. Mrs. Hemmerling has declared she will not be a candidate for re-election, but no word has come to this newspaper office regarding Mrs. Koger's candidacy.

## Chamber of Commerce Is Needed Now

(AN EDITORIAL)

Now that Palm Springs is an incorporated city, the Chamber of Commerce is needed here as much as ever. There are many important matters started by the Chamber, which only this organization can complete.

The Chamber should serve as a clearing house of public opinion, and for this reason its membership should include all Palm Springs property owners residing in every section of the city. Their problems thus can be brought before the Chamber, and after reaching a decision they can go before the City Council with a united front.

The city council invites such cooperation. We have seven good councilmen who want to know just what the citizens expect of them. They must operate the city government practically without funds until they receive their first tax money in July, 1939. In the meantime, the Chamber of Commerce must still pay the cost of many things that must be done if we are to have the kind of a city that the people of Palm Springs and the visitors desire.

The Chamber of Commerce has accomplished much in the past, but has even a greater task before it. We obtained our high school largely through the efforts of our high school committee. The airport, fire department and equipment, police department, road improvements, the sanitary district, all came about largely through cooperation of the Chamber of Commerce.

The development of Palm Springs depends a great deal upon proper regulation of the Indian reservation, which surrounds us on all sides. The city council has no jurisdiction over Indian lands, therefore the duty of protecting the investments of the white residents in Palm Springs will continue to fall to the Chamber of Commerce. If this organization did nothing more than to represent citizens in matters pertaining to the Indian reservation, it would be worth all it costs to be a member.

It is the desire of the directorate to have more of the winter residents and home owners become members that their suggestions and wishes may be made known. With this thought in mind it is contemplated to enlarge the board in order to include more winter residents, and to have more public meetings.

As a winter resident, you are urged to join the Chamber of Commerce now so that the work for the coming season may be planned early, and you are respectfully requested that you mail the secretary \$12.00 for this year's dues.

## Caddy Tournament Shows Some Remarkable Scores at Desert Golf Course

(By JIMMY THE STARTER)

Golf, as it should be played, was demonstrated at the O'Donnell Golf Club this week, where the annual Caddy Tournament has been in progress.

This tournament, sponsored by Thomas A. O'Donnell, owner, and John Kline, manager, is one of the outstanding events featured during the golfing season at Palm Springs.

To watch one of these caddy tournaments one gets the impression that the game of golf is really worth the time and money spent, for there is no sport that gives you the health-producing elements we are all trying to attain.

The brand of golf played by these boys with their sun-tanned features, speaks for itself as to its merits in producing sound and healthy bodies and nowhere will you find a more disciplined and sportive bunch of caddies than we have here at Palm Springs.

The pot of gold they were all shooting for is made possible in the form of donations by the visiting golfers during our winter season. This unselfish gesture is something to marvel

(Continued on Last Page)

## Realty Board Considers License Fee

The Realty Board met Tuesday afternoon at the Palm Springs Hotel, with about 50 members present. The principal matter under discussion was the amount of the city license for real estate brokers and salesmen. A notice had been sent to all members by one of their officials, asking if they favored a \$200 yearly city license fee for brokers and \$100 for salesmen. The realtors did not come to a conclusion Tuesday, but they will make their recommendations to the city council.

The board is also considering the increase of membership fees, and thus to have a greater fund for its work. It was pointed out at the meeting that in most communities the realty board has considerable influence with the city council in the matter of taxes on all real estate, and the board here proposes to represent property owners in this matter, after a thorough study of the matter.

The realty board is also considering continuance of the multiple listing system, whereby a property owner can list his property with every member of the board by listing it with any broker member.

## Dixie Croft Wins Third Prize in Poster Contest

Dixie Croft, Palm Springs student in the high school, won third prize in the B. U. H. S. poster contest for National Air Mail Week, May 15-21. National Air Mail Week provided the subject for the poster contest just completed by students, with Lauralce Kryder carrying off first prize. This poster will be entered in the state contest for further honors.

It was very gratifying to the sponsors of this contest, which includes Postmasters R. M. Gorham and John E. White of Palm Springs and Banning, to find such a lively and well informed interest by the coming generation. The winners and runners-up are as follows:

First prize—Lauralce Kryder, Banning.  
Second prize—Margaret Watson, Cabazon.  
Third prize—Dixie Croft, Palm Springs.  
Fourth prize—Marian Swan, Banning.

After awarding the school prizes the winners were assembled and it was the unanimous opinion of the judges that Lauralce Kryder topped the list.

## The Desert Sun

(By Carl Barkow)

Don't forget to mail your souvenir letters before May 19, for on that day Cowboy Airplane Pilot Roman Warren will land his ship at the Palm Springs airport to take on the first shipment of airmail ever to leave here by airplane. He will personally autograph many of the letters, and each airmail letter and package will be stamped with a souvenir rubber stamp of a beautiful desert girl and the words, "Palm Springs, California, The Sandbox of Society." Postmaster R. M. Gorham is personally going to considerable expense to put Palm Springs on the map during National Air Mail Week, and he should have the support of everybody—so send out airmail during that week, for people throughout the country will be looking for souvenir letters from Palm Springs.

You people, who left Palm Springs early, better come back, for we are having our usual delightful spring weather. The days are not too warm, and the nights are cool enough to sleep comfortably. There is no better climate in the world than we are enjoying here right now, and this kind of weather will probably continue until the middle of June.

## Offer Made in Coutts Accidental Death Case

An application to the Superior court at Riverside for approval of a liability insurance settlement of \$4350 for the highway death of Mrs. Gertrude Coutts, widow of the famous Palm Springs artist, has been made by Sylvia Wilson, administratrix of the estate.

The settlement has been tentatively worked out by the administratrix and her attorneys, Surr and Hellyer of San Bernardino, with the Commercial Casualty company of Newark, N. J., which carried liability insurance for L. N. Oistad, whose car crashed into the rear of the Coutts automobile on the highway near Palm Springs last Dec. 19, killing Mrs. Coutts and Dr. Agnes E. Hansen, passenger in Oistad's automobile. The policy had a limit of \$5,000 and Oistad has no other property against which a judgment for additional claims might be taken, the petition states.

It is proposed that \$2000 of the insurance money be paid to each of the two Coutts girls.

Mrs. Coutts, widow of Gordon Coutts, noted painter, was returning to Palm Springs, accompanied by Artist Jack Church, Sir John Lavery, noted English painter, his granddaughter, the Honorable Anne Forbes-Sempill; and his secretary, Miss Katherine Fitzgerald, when the car, being driven by Church, was stalled by a flat tire. Oistad's car crashed into the rear of the parked automobile.

## Palm Springs Youth To Graduate at Annapolis

On May 15th, Mr. and Mrs. Nat Wolfe of the Casa Palmeras Apartments will leave Palm Springs to attend the impressive festivities in June at Annapolis, where their son, Bernard, has been in attendance for the past four years and who will graduate with the class of '38.

Bernard Wolfe has been associate editor of "The Log" and represented the Quarter Deck Society in debating contests, finals of which will be run off during June Week. He won his letter "N," the academy's highest athletic award.

With the commission of Ensign already received, he will be assigned to the Cruiser Quincy, now docked at San Pedro harbor.

After June Week, Mr. and Mrs. Wolfe will visit New York, Washington, D. C., and other points of interest in the East before returning to Palm Springs for the winter season.

## CITY COUNCIL

(Continued From First Page)

ning and the second being on the regular meeting date (first Wednesday night of the month), and on Wednesday night the council adopted five ordinances and introduced another, which will pass the final reading at the adjourned meeting next Wednesday evening. All meetings are held in the club room of the fire hall.

After next Wednesday it will probably be a violation of Ordinance No. 6 to be drunk in any public place or any place open to public view, whether in an automobile or not, in the city of Palm Springs, or to sleep or lie on the sidewalks, or to be intoxicated on any private premises to the annoyance of another person, or to drink intoxicating liquor on any street, sidewalk, alley, park or playground. The ordinance was introduced Wednesday night and will have final reading next Wednesday. The offense is a misdemeanor, punishable by a fine not to exceed \$300, or imprisonment in the Riverside county jail not to exceed 30 days, or both.

Ordinance No. 7 created standing committees, each consisting of three councilmen and the mayor as ex-officio member. They are the finance, public safety (police and fire departments), library and landscaping, streets and sewers, non-taxable lands and flood control, and general committees.

The other five ordinances had their first reading on April 25, and were adopted as emergency ordinances Wednesday evening, the law specifying that at least five days must elapse between the time an ordinance is introduced and the time it is adopted. If declared an emergency ordinance, it is in effect as soon as it is posted.

City Attorney Guy Finney, City Treasurer Fred Ingram, Chief of Police Lloyd Boller, Councilman Frank E. Pershing, City Attorney Roy Colegate and City Judge Albert R. Hoffman were sworn in, and the bonds of the clerk and treasurer were accepted by the council.

A motion made by Councilman Clifton and adopted by the council provides that eight copies must be made of each ordinance, and that at least 48 hours before it is enacted each of the seven councilmen and the city clerk are to receive a copy.

The council adopted a resolution that each ordinance is to be posted by the city clerk in three public places: At the fire station, the Murray Memorial at the corner of Palm Canyon Drive and Tahquitz Road, and at the bath house on the Indian reservation. Bulletin boards will be put up at these places for the posting of the ordinances.

## Lions Club Notes

The regular Thursday noon meeting of the Palm Springs Lions Club was held this week at the Palm Springs Hotel in place of Carls Restaurant, where the club met all seasons.

President Francis Crocker presided over the meeting well attended for this late in the season, and Chairman-of-the-Day Rufus Chapman introduced the principal speaker of the day, Dr. Wm. C. Gunnerson, superintendent of schools for the Banning Union High School District.

It was brought out at the meeting this week that the club will meet at the Palm Springs Hotel for the balance of the season, and as is always the case, the Lions were treated royally at the meeting Thursday by this popular hotel. Earl Crinite, who is associated with the hotel, entertained the members with his guitar and voice, and led the club in some group singing.

Andy Anderson, the club's pianist and always a hit with the fellows, rendered a number of fine numbers.

Charles Henderson has tickets for the big district convention scheduled for all day Friday, May 13, at the Mission Inn, Riverside. All Lions wishing to attend this affair can get tickets from him at Sunshine Court. A big dinner dance will climax the day at Riverside so all Lions who contemplate attending should plan on taking their wives with them.

Dr. Gunnerson gave a very interesting and enlightening talk on the development of education in the United States bringing it down to the present time and ending his talk with a discussion of the new Palm Springs high school.

The Banning plant was condemned some time ago, he stated, and since a school was also needed at Palm Springs because of the inconvenience and dangers of transporting local students to and from Banning by bus, it was decided to build two new schools, one in Banning and one here.

The registration for next year has already reached the 130 mark for the Palm Springs school and has passed

## Swallows Invade

(Continued From First Page)

to be redecorated for the birds had invaded every room. Dozens of dead birds covered the floors.

When the birds came down the chimney they carried the soot with them on their wings and bodies and spread it throughout the house. They could not find their way out through the chimney because of the screen in front of it.

The birds attempted to enter the same house again Tuesday evening, but neighbors placed boards on the chimneys to keep them out. They tried to come down the chimney in Phil Quaglin's home, but Mrs. Quaglin built a fire in the fireplace and thus kept them out. Other neighbors used the same method to drive away the birds.

It is believed the birds were driven from the coast near Laguna Beach or San Juan Capistrano by the heavy storms along the coast Monday afternoon, or could not get to their homes in the mountain cliffs and caves because of the blizzards raging there.

The house they invaded was occupied this season by Dr. Watson of Beverly Hills and was next door to the Carl deLattre and Quaglin residences. Mrs. Quaglin stated there seemed to be many more swallows Tuesday evening than there were on Monday night.

The 300 mark for the Banning plant, he told the group.

Dr. Gunnerson stated that the new Palm Springs school will open this fall with a full corps of teachers and a full four-year high school curriculum. The staff of the school, he said, will consist of a principal and six to eight teachers. He said that they wish to have a well rounded curriculum at the local school, giving all the courses that are given at Banning.

He announced to the group in closing that Baccalaureate services for the Banning Union high school will be conducted in the Palm Springs Community church by Dr. John Robertson Macartney.

Mrs. Judson Harrison and Miss Frances Harrison of Palm Springs are guests at the New Weston in New York City.

## NOTICE OF ELECTION

FOR HIGH SCHOOL TRUSTEES (School Code Section 2.1059)  
NOTICE is hereby given to the Electors of Desert Elementary School District of Riverside County, California, that the Annual Election for High School Trustees for Banning Union High School District, will be held at the Charles S. Stevens Elementary Schoolhouse in said district on the first Friday in JUNE, viz, JUNE 3, 1935.  
It will be necessary to elect two trustees at large for three years.  
The polls will be open between the hours of 1 o'clock P. M. to 5 o'clock P. M.  
The officers appointed to conduct the election are:  
Clarence L. Templeton, Inspector.  
Mrs. Myrtle A. Holditch, Judge.  
Mrs. Clema Granger, Judge.  
Dated, May 2, 1935.

Signed:  
RAYMOND CREE, President.  
V. STONE, Secretary.  
HAZEL R. KOGER, High School Board.  
JOHN W. WILLIAMS, Banning Union High School District.  
ROBINA HEMMERLING, 840-42

## NOTICE

To Whom It May Concern:  
Having severed all connections with the Desert Nursery, I will not be responsible for any indebtedness contracted by anyone, other than myself.

## \$4700 Gas Tax

(Continued From First Page)

ment the city would need to do the work. After the new state highway is built in the eastern part of town, Palm Canyon Drive will revert to the city and must then be maintained by the city.

The highway officials also agreed that the state highway department should take over the road to Palm Canyon and build a good road to the famous scenic wonderland.

The local men learned that funds allocated by the state for the construction of the new highway from the Snow Creek Bridge to Highway 99, and the underpass under the railroad tracks near the Standard and Union oil stations at the Palm Springs railway station, have not been diverted for the repair of flood damage to highways throughout the state, so there is a possibility that the work may be done this summer.

Among those present were State Highway Engineer E. Q. Sullivan, County Road Superintendent R. L. McKenzie, County Supervisor R. E. Dillon, George Roberson, chairman of the local road committee, and Frank V. Shannon, executive secretary of the Chamber of Commerce.

## Wisons Entertain Guests At Their Home With Barbecue Dinner

Last Saturday evening, Mr. and Mrs. Arch C. Wilson, at their home in the Indian Trail Tract, entertained a large number of guests with a barbecue dinner served outdoors in the patio.

The guest list included Messrs. and Mrs. Austin G. McManus, Harry Anderson, Herbert Foster, Jack Kann, Calvin Goodlow, Frank Pershing, Richard F. Outcault, Thomas J. Hughes, Joseph A. Haberboach, Lloyd N. Simon, Robert Ransom, T. P. Soles, Will Hay, Marjorie Forline, Ona Barnes, Cal Pearce and his mother, Mrs. Pearce, Dr. Russell M. Gray, Franklin L. Wenck and his mother, Mrs. Wenck.

George G. Swain left Tuesday evening for his home in Falmouth, Massachusetts. His employers, Mr. and Mrs. Charles R. Crane, left previously.

## Second Annual Dinner Of Plaza Garage Staff

Hotel The Oasis Adobe was nearly filled to capacity on the evening of April 21 when proprietors and employees, with their ladies, of the Plaza Garage, gathered there for their second annual dinner party.

Every one present was called upon to introduce himself and his native state, and it was found that some of them came from distant places, for one came from Latvia and another from Labrador, while some parts of Europe and various Eastern states were represented.

The place cards were miniature

Cadillac, Oldsmobile and LaSalle cars. Mr. and Mrs. H. D. McNeer gave a guitar duet and Mrs. McNeer played some of her original compositions. Clarence Chitwood was the toastmaster.

Those present were Larry and Gail Clause, H. D. and Florence McNeer, Clarence and Aileen Chitwood, Roy and Billie Voorhees, Joe and Abbie Omlin, Ed and Jean McCoubrey, Milton and Louise Earl, Percy and Addie Hall, Lloyd and Virginia Downing, Bill and Mable Parma, Lew and Edna Trickey, Miss Lillian Kilgallon, Messrs. Oliver Herbert, Bill Uttermohlen, Bud Taylor, I. Eisen and Glenn Martin.

# Cathedral City

## Cathedral C. of C. Seeks Site for School

The school committee of the Cathedral City Chamber of Commerce, consisting of E. F. Reilly and W. R. Hillery, this week called on Mr. J. J. Grove, secretary of the Cathedral City Development Company, relative to the possibility of enlarging the site offered for a grammar school at Cathedral.

The committee also wished to ascertain whether or not Mr. Grove's company would put the site in better order (by grading it) before transferring it to the Desert School District.

Mr. Grove stated that his company would double the area proposed, making the site virtually five acres in extent, but did not believe that the company would improve the site in advance of a sale. However, he thought they would donate several hundred dollars if the school board decided to accept it.

According to the Chamber of Commerce committee, no other site of the several originally sought is available, so it may be necessary to select the site now offered, they stated.

The committee has requested the opportunity to meet with the school board, and this meeting will probably be called for some time next week.

Sentiment at Cathedral seems to be generally in favor of a school.

## FHA Loans Now Available for Cathedral City

S. D. Arner of the Desert Realty Company announces that he has received a supply of F. H. A. loan literature from the Bank of America at San Francisco, which is available to anyone interested.

Straight loans for new buildings are now available up to \$2,500, where clear ownership of the ground is shown.

As much as seven years time to repay the loans is possible.

Hitherto Cathedral City owners were eligible for loans only for improving or expanding existing structures.

## Local Man Obtains Laundry Contract for Lakk Arrowhead Corp.

N. W. Kelley, popular manager in Palm Springs for the California Laundry and City Dye Works of Los Angeles, announced this week that he had taken over the laundry and dry cleaning contract for the Lake Arrowhead Corporation and that a part of his Palm Springs crew is at the famous mountain resort now, where they began service Monday for the summer season.

The office of the Lake Arrowhead branch of the California Laundry and City Dye Works, which Kelley will manage during the summer, is located next door to the postoffice at Lake Arrowhead Village. From this office the firm will serve all the San Bernardino mountain resorts including Big Bear.

He and his family have leased a house at Arrowhead to which they will move when school closes here, returning in the fall at the opening of the desert season.

Mr. Kelley stated this week that his firm will continue to render laundry and dry cleaning service in Palm Springs throughout the summer.

## Benefit Dinner Tuesday At Totem Pole

Mr. and Mrs. E. J. Wheeler, well known proprietors of the popular Totem Pole Cafe, made a fine gesture this week when they arranged to give a benefit dinner next Tuesday, May 10, at 3:00 p.m. for the Cathedral City Town Hall Kitchen fund.

Everyone in Cathedral City is invited to attend the worthy affair, the entire proceeds from which will be given by Mr. and Mrs. Wheeler to the fund (started by the Cathedral City Woman's Club) to build a kitchen at the Town Hall.

The dinner is free, but a 50c collection will be taken for the fund.

Alex Rich has started construction on his new home to replace the one destroyed recently by fire.

## Mrs. Marian Kellar Entertains Friends Before Leaving

Before leaving this week for the summer Mrs. Marian Kellar gave a dinner for a few friends at her comfortable home on the Dunes Road.

Following a substantial and tasty dinner, the guests danced to music furnished by Mrs. Kellar and Mrs. Esther Woods.

Those enjoying Mrs. Kellar's hospitality were Mr. and Mrs. C. S. Cobb, Mr. Alvin Cobb, Mrs. Ruth Bohn, Mr. and Mrs. W. R. Hillery, Jack Hillery, Robert Scholtes, Mr. and Mrs. W. Harrison, Esther Woods, and Miss Ruth Woods.

## Martells Entertain With Trout Breakfast

Monday morning E. F. Martell entertained a group of friends at breakfast at Harry's Cafe, Palm Springs, honoring Mr. and Mrs. R. R. Sutherland, who left the desert this week for their summer home at Los Angeles.

The order of the morning was fresh mountain trout, caught by Martell at Idyllwild and cooked in the famous Harry's Cafe manner.

Those enjoying the delicious mountain trout breakfast—fit for a king—were Mr. and Mrs. Sutherland, Mr. and Mrs. Teed, Floyd McKinney, and Mr. and Mrs. Martell.

## Woman's Club Holds Last Meeting

The Cathedral City Woman's Club held its last official meeting of the season on Wednesday afternoon of this week at the beautiful home of Mrs. Ann Reilly.

Following a very interesting meeting, delicious refreshments were served. The social hour passed all too quickly for those present, the time being devoted to the playing of guessing games. The first was a musical game in which Mrs. Edna Cobb, Mrs. Bohn, Mrs. May Denniston, and Mrs. Marguerite Hillery tied. Straws were drawn for the beautiful glass dish donated by Mrs. Ann Reilly, and another guessing game was won by Mrs. Edith Harrison.

Assisting the hostess at the meeting Wednesday were Mrs. Margaret Alder, Mrs. John Clark, Mrs. Dida Wheeler, Mrs. Juanita Tennis, Mrs. Emma Wenger, Mrs. Edna Laas, and Mrs. Emma McMickle.

The meeting came to a close with a standing vote of appreciation for the work done by the very capable first president of the organization, Mrs. Emma McMickle.

The determination was signified to meet again in the fall and to carry on the service to the community started only two months ago when the club was organized.

## Cathedralites Evidence Interest In Better Fire Protection

Since the unfortunate fire two weeks ago that destroyed the home of Alex Rich, much interest has been evidenced in keeping the Cathedral City fire equipment in order and in various fire protection measures.

George Washington has built a locker on the fire truck in which a reserve supply of chemicals can be carried, and agitation has been started to install a few two-inch fire hydrants about the village with sufficient hose to reach the more built-up areas.

## Horsemanship Show Postponed to May 21 At Riverside

According to reports emanating this week from the high school, the Riverside County Horsemanship Show has been postponed to May 21.

Previously scheduled to be held at the city of Riverside on Saturday, May 14, this popular event has been postponed to the following Saturday.

## Local Bus Hearing Postponed to Oct. 14

The State Railroad Commission's hearing on the applications of Tanner Motor Livery and Glenn Martin for franchises to operate sight-seeing buses has been postponed twice during the past week. Early in the week word was received here that the hearing had been postponed to May 6, and yesterday word came that the hearing would be held at the Desert Inn on October 14. Attorneys for both applicants asked for postponement because witnesses were not available.

## Munhollands Caught In Snow Storm

Mr. and Mrs. John G. Munholland were caught in a snowstorm at Big Bear Lake Sunday and Monday and when they left more than four inches of snow covered the ground. The Munhollands went to Big Bear to accompany Mr. and Mrs. R. O. Bartow on a fishing trip, but they spent their time there in front of a roaring fire in the fireplace.

## DOLL HOUSE TO OCCUPY OTTO'S STEAK HOUSE

The Doll House, operated by Jane Manchester and her brother, Al Thompson, now occupies the building on North Palm Canyon Drive, built last year for Frank Morgan's Trading Post and more recently occupied by Otto's Steak House. They will open for next season early in the fall. On June 15 Miss Manchester and Thompson will open their Doll House at 415 East Central Avenue, Balboa, where they will be glad to meet their Palm Springs friends. The place has been greatly enlarged.

## CATHEDRAL SHORTS

Frank Yoder has taken over the Dempster's "sanitary service" for the summer and will see to it that no odors about the village of Cathedral via with the perfume of the desert flowers.

A. T. Cobb has moved to his "Cobbtown" cottage at Thomas Mountain. As the summer advances other Cathedralites will join the mountain colony.

John O. Clark, former resident of Banning who this spring purchased the Down's cottage at Cathedral, is making a number of alterations and additions that will add to the appearance of his home.

## Community Circle Enjoys Snow-Storm At Idyllwild

About 26 members of the Community Circle and their husbands enjoyed a picnic lunch at Idyllwild Tuesday, May 3. Mrs. C. S. Henderson, Mrs. Jack Hill and Mrs. John Williams went up the night before to open the Henderson cottage for the day, but Tuesday morning, the day of the picnic, when they looked out the window the ground was white with snow.

However, a roaring fire and warm sunshine made a perfect atmosphere for the picnic.

After lunch a brief business meeting was held. The report of the chairman of the nominating committee, Mrs. B. B. Weatherall, was read. Those nominated were: Mrs. John Sprague, president; Mrs. Gordon Nicholson, vice-president; continuing as secretary, Mrs. Maude McQuillan. Mrs. Henderson, retiring president, thanked the Circle for their loyal support during the past year.

Mrs. Macartney asked for a vote of thanks to Mrs. Henderson for having guided the Circle through their first year of organization. Guessing contests, bridge games, and walks by the stream completed the day.

## Quackenbush's Father Is Called by Death

Soon after Indian Agent H. H. Quackenbush arrived in Washington, D. C., to testify before the House Indian Affairs Committee, he received a telegram that his father, John Quackenbush, had died in Minneapolis on April 29th, and he left immediately by airplane for that Minnesota city. After the funeral he returned to Washington by plane and arrived there in time to continue his testimony before the committee which is considering the bill which would authorize the sale of Palm Springs Indian lands.

John Quackenbush died of a stroke at the age of 75. H. H. Quackenbush left here for Washington on April 21.

## FIRE DESTROYS RESIDENCE ON INDIAN RESERVATION

A fire on the Indian reservation at 2 a. m. Monday burned down the residence of Anthony Franzio, in the Marcus Pete camp. The house was on Andreas Road back of the Indian Store. The fire department responded as soon as it was called, but the house had burned before it arrived. However, the flames were prevented from spreading to other buildings.

Mr. and Mrs. Samuel Leith of New York, house guests of Mrs. Katherine N. Romer in Tahquitz Park No. 2, for the past two weeks, have returned to their home in the East.

## OPEN HOUSE TONIGHT

All departments of the Frances S. Stevens school will hold open house tonight, May 6, 7:30 to 9:30. At this time the work of the pupils will be displayed in classrooms and auditorium. A complete directory of special exhibits will be furnished visitors as they arrive. The people of the community are cordially invited.

George Oliver Jr., who has a chartered boat concession at Catalina, drove to Long Beach last week to put his motor boat in shape for his coming summer season at the island resort.

Early this week he crossed over to Catalina in the boat to test it out, and then he re-crossed and docked it again at Long Beach and returned to Palm Springs.

George operates his boat for game fishing purposes at Santa Catalina.

Miss R. deBran, Palm Springs winter resident, is a guest at Hotel Commodore, in New York City.

Miss Harriet Severance, secretary at the Field Club office, left this week for her summer home in Los Angeles.

## Community Church Notes

Next Sunday at the Community church:

8 a. m.—Holy communion (Episcopal).

10:45 a. m.—Sunday school convenes. Being Children's and Mother's Day combined, the Sunday school will not meet at the usual hour, 9:45, but at 10:45, in order to unite at eleven o'clock with the whole congregation in the hour of worship.

White and red carnations will be provided at the door for all who have forgotten to bring a flower in honor of their mother. Red if she is living, white if she is in glory.

## CHAMBER OF COMMERCE NOTES

The Chamber of Commerce held the last regular meeting of the season Tuesday evening in the school auditorium. The new president, Herbert Samson, presided, and he stated he will soon announce committees for the year.

## STEP ON IT! YOUR FLOORS CAN TAKE IT!

PITTSBURGH  
WATERSPAR  
VARNISH  
PER QUART \$1.45

Floors finished with PITTSBURGH WATERSPAR VARNISH withstand hard use and retain their lustrous beauty without constant attention. WATERSPAR is tough, elastic and long-wearing. Easy to apply, it flows evenly and smoothly from the brush and dries in four hours. Caustic soaps, boiling water and scrubbing won't damage its durable surface! Get a can today—and see how easily you can live up your floors.

## Caddy Tournament

(Continued From First Page)

at, and speaks the true feelings the players have for the courteous and unselfish service rendered during the golfing season by the caddies.

The play constituted 72 holes. Even a Hagen would have marveled at the shots made by some of the boys, and to some he no doubt would give advice.

Monday's play of 36 holes was played under very difficult conditions, as the wind played havoc with many a shot; but not to be daunted, surprisingly low scores were turned in. Ray Edwards turned in a sparkling round of 68 in the morning, followed by Righty Voght with a 70, who was the defending champion of last year's tournament. Other low first rounds were Art Gonzales with 73; Al Gardello, who was whispered as the dark horse before play started, fell to a 75; and the congenial caddy, Master Larry Browell, with a 77, was still one to be feared.

The feature of the first round was in the person of Pat Martin, who, going into the 8th hole, was 4 under par. When he knocked 4 shots out of bounds Pat was singing on the 18th hole when he came in: "The Wind Got In My Eyes."

The finish of the afternoon round found Ray Edwards and Art Gonzales tied at 144, followed by the champ with 177. Pat Martin with the wind still in his eyes, 148; Al Gardello, 149; Joe Barr, 150; and the feared Larry Browell, 152—all in the first flight.

The second flight at the half-way mark was led by the favorite in this division, Bernie Martin, with 161.

The third flight was the real surprise of the first day's play, when Larry Sitter led with 185—a remarkable score, considering this is Larry's first year as a golfer—but remember, golfers are made here in Palm Springs.

The final 36 holes on Tuesday found the three leaders well grouped, but Art Gonzales' putter seemed to have been charmed, as he sank birdie after birdie on the last 18 holes, to nose out Ray Edwards by 3 strokes, and the defending champ, Righty Voght, by 4 strokes.

Cheers for Art Gonzales, the new champ of the caddies' tournament for the season. Next year awaits another story.

The second flight was won by Bernie Martin, who was the favorite. The third by the surprise player of the tournament, Larry Sitter. Watch out boys, this Larry is a comer.

And the daddy of them all, George Browell, who is 66 years old, or perhaps that young, finished third. This game of golf surely gets into one's blood. Age makes no difference.

Final results:

## First Flight

Art Gonzales	73-71-72-70—286
Ray Edwards	68-76-73-72—289
Righty Voght	70-77-69-74—290
Pat Martin	74-74-75-68—291
Al Gardello	75-74-77-72—298
L. Browell	77-75-74-73—299
Joe Barr	79-71-78-79—307

## 4 Groups Unite

(Continued From First Page)

as their directors H. E. "Pat" Patterson, George Oliver, Carl G. Lykken, Mrs. B. E. Curry, and Charles N. Bosworth.

Previously the contractors and builders had organized and elected their board consisting of William R. Atkin, Pres.; Herbert H. Foster, vice-pres.; Ray Hanzlik, sec'y-treas.; Vincent Savory and William Marte.

Dr. Russell M. Gray is head of the professional men's group and Warren B. Pinney heads the hotel and apartment house operators.

The objects and purposes of the Palm Springs Business Men's Association are set forth in Article Two of the Constitution, as follows:

1. To promote the business interests of the community of Palm Springs.
2. To do all things necessary and proper for the protection of the business and property interests of the business men of Palm Springs.
3. To protect and promote the mutual interests of employers and employees engaged in business in Palm Springs.
4. To create and maintain stable employment of employees in Palm Springs. Establish a free employment bureau for this purpose.
5. To protect the business and property interests of Palm Springs from unnecessary, unjust or detrimental legislation, and to secure and procure the enforcement of local, county, state and federal legislation for the benefit and protection of employers and business men of Palm Springs.
6. To encourage and foster friendly relations between employers and employees in Palm Springs.
7. To use and employ such necessary means, enterprises, agencies, methods, or instrumentalities as may be suitable or convenient for the purpose of carrying out the objects and purposes of this Association, including the raising of funds for the necessary expenses and disbursements of the Association.
8. To cooperate with similar associations and organizations having similar objects and purposes, whether such associations or organizations are local, county, state or federal in scope.
9. In general to do everything necessary, suitable or advisable, in the promotion, expansion and protection of the business interests and property of Palm Springs.
10. To establish and conduct a credit bureau for the use and information of members of the Association.

## Physical Examination For School Children Saturday

County health authorities will examine Palm Springs school children at the local school house, Saturday.

The examinations will be conducted by Dr. W. A. Jones, Riverside county health officer, and Dr. Pottenger of Los Angeles county.

Assisting the physicians will be Miss Monica Finn of Palm Springs and Mrs. Catherine Foster of Riverside.

James Hamilton, Jr., Desert Inn Clerk, popular lifeguard and son of the owner of the Banning Plunge, left yesterday for Santa Barbara, to take a position as clerk at a swanky guest ranch near that resort city.
